Eric L. Fugier, DDS, ND  
 9201 West Sunset Boulevard  
 Suite 901  
 West Hollywood, CA 90069  
 (310) 859-1575  
 Price: \$ \$ \$  
 Ambiance: Professional Zen

Dr. Fugier studied under Dr. Pincus, who brightened the smiles of legends like Judy Garland and Frank Sinatra, but this smilemaker has taken aesthetic dentistry even further. The emphasis may be on building beautiful teeth, but the office is truly a zone for healing. Dr. Fugier incorporates many holistic practices such as homeopathy, naturopathy, and even music therapy into his practice. You won't find elevator music here; an extensive collection of music helps promote harmony and relaxation. There is still plenty of technology to be found--digital cameras and computer imaging are used in creating a "smile analysis" for patients. Dr. Fugier may treat the most famous smiles in Hollywood, but he still accepts new patients and accommodates them just as graciously.

Complimentary Aesthetic and Imaging Consultation (no purchase necessary)
