

Random acts of Kindness are so often overlooked! I can't begin to tell you how overwhelmed and extremely blessed my wife and I were by the kindness and compassion we found in your office.

First, your daughter was very accomidating, assisting us with getting Mr. Barger set up for an unscheduled visit. Her actions revealed a caring heart, which is rare in our time. Your wife was willing to go the extra mile to ensure that Mr. Barger could be seen and set-up with a reasonable payment plan. Mr. Barger was extremely grateful for the gently and professional manner in which you took care of him.

My wife and I thank God^{for} bringing such wonderful people into our lives and will never forget how he blessed us on the

2nd day of July 2009. We pray for your continue success, good health, and blessings over you family and business.

Also, I would like to extend my gratitude to your friend Zed. His words to my wife and I were very encouraging.

We just can't say enough

how much it meant!

Tell him I won't forget to take advantage of the opportunity to express my love and appreciation to those closes to me. Perhaps when we return to Norman we can play a game of tennis.

Again, Thank You.
