

GREENWOOD DENTAL CARE

FINANCIAL & INSURANCE POLICIES

We at Greenwood Dental Care believe that clear understanding of our financial and insurance policy is important to our relationship. We are committed to providing you with the best possible care and are happy to discuss our fees with you at any time. Financial considerations should not be an obstacle to obtaining dental care and we work very hard to make financial options available to assist you in fulfilling your financial obligations.

We do not like to surprise our patients with fees they are unprepared to pay. After your examination and diagnosis, a treatment plan will be created for you that will include all of the dental treatment that has been recommended for you. The treatment plan will contain the estimated cost of the plan, as well as the estimated patient portion of the treatment after any applicable insurance. If you have questions about our fees at anytime during your visit, please do not hesitate to ask. Our administrative staff will be pleased to assist you with any financial concerns you may have.

As a convenience to you, we will be happy to submit your insurance claims. Our treatment recommendations are based on patient needs, not their insurance benefits. The insurance company, not our office, determines the dental benefits that you will receive. The estimated insurance coverage is not a guarantee of payment and is between you and the insurance company. All charges are your responsibility. Please keep your insurance information current by notifying us of any changes in employment, insurance coverage, etc.

A monthly statement with current charges and payments, including insurance billings and payments will be sent to you. Pending estimated insurance benefits will appear on your statement until we receive payment from your insurance company. Billing fees of 1.5% per month are added to all unpaid balances after 90 days from the date of service.

There will be a 10.00 fee assessed for any returned checks from the bank due to insufficient funds.

Payment is due at the time of service unless prior arrangements have been made. If you have insurance, we request that you pay your estimated portion.
