DENTAL IMPLANT MINI-RESIDENCY 2018

SPEAKER PROFILES

Back by popular demand.....Dr. Jay Smith earned his Bachelor of Science degree in biology at Furman University in Greenville, South Carolina and received his dental degree and completed his residency in prosthodontics at Emory University in 1990. He was awarded the Hinman Scholar Award for Scholastic Achievement. Dr. Smith is past president of the Western Georgia section of the American College of Prosthodontists and a member of the Academy of Osseointegration, the American Dental Association and the Georgia Dental Association. Dr. Smith lectures nationally and internationally on esthetic, implant and restorative dentistry. He maintains a private practice limited to prosthodontics.

Teresa Duncan is a speaker and writer with over 20 years experience in healthcare. Her areas of expertise include revenue protection using proven accounts receivable and insurance methods; and helping doctors and managers establish solid management systems. She was recently bestowed the award of Educator of the Year by the Association of Dental Implant Auxiliaries—a component of the ICOI. Currently she is the Insurance Editor for Dental Product Reports magazine and a contributor to The Progressive Dentist and Dr. Bicuspid. Teresa was recently named one of the Top 25 Women in Dentistry by Dental Products Report Magazine and is regularly recognized as a Leader in Consulting in Dentistry Today. Most recently she provided consulting assistance in the development of the ADA's Guidelines for Practice Success. Teresa received her Master's Degree in Healthcare Management from Marymount University.

Financial Decisions The Dentist Must Get Right: Real World Answers to Dentistry's Tough Financial Questions

From dental school graduation through preparing your estate for your heirs, this presentation provides strategies for maximizing practice and personal financial decisions because they are absolutely connected, and they impact each other.

In this content-rich, interactive course, **Cain Watters & Associates** will help you learn proven formulas behind building wealth, tax strategies to improve cash flow, plus the short- and long-term benefits of various investment environments. Also covered: Pension and retirement planning. Learn about current pension laws and advantageous tax strategies to support pension planning, plus where to find the money to fund retirement plans. The course also covers best practices for purchasing or transitioning ownership of a practice, how to work with partners or associates, and how to improve the efficiency of your practice. Using our “real life” case studies, this course helps you determine how your practice compares to similar practices, and evaluate how you're tracking on the path to financial freedom.
