

WE'RE DEEPLY COMMITTED TO YOUR WELL-BEING FROM
BOTH A PERIODONTAL AND PERSONAL PERSPECTIVE.

"I've seen Dr. Leilani LaBelle for all my periodontic needs over the years. Her skillful hands and gentle touch are perfectly complemented by her spirited enthusiasm! She and her competent staff have the ability to calm my nervousness and alleviate my fear."

— Muriel King

"LaBelle Periodontics has that very rare yet truly genuine personal touch. They care so much. It's something quite beyond what you would expect and I'm so grateful for it."

— John Pekar

OUR APPROACH TO YOUR CARE

The entire staff at LaBelle Periodontics takes great care to serve patients with warmth and compassion. We specialize in focusing on the oral health of our patients, but we also personalize the experience of each individual we are privileged to serve. We take the time necessary to truly listen. And we give the time necessary to truly care. We deliver competent and comprehensive periodontal treatment within a state-of-the-art setting. And our patients receive the most current and professional service available, while placing their trust in our hands.

LaBelle Periodontics continues a rich tradition in the perio profession. Dr. Leilani LaBelle leads the practice originally started by her father, Dr. Ronald LaBelle. Leilani took over her father's practice in 1998 after working with him since 1986 when she graduated from dental school. Both father and daughter built renowned practices based on the highest degree of integrity by keeping the patient's well-being at the center of focus. This clarity of values and constancy of purpose still inspires Dr. Leilani today.
