

Thanksgiving Newsletter

Everyone has a favorite time of year. For some, it is the first break of spring. For others, it is the wonderful summer we experience in New England. For me, it is the Thanksgiving holiday and the opportunity to give and say thanks for all the blessings of the year. As 2010 comes to a close, I can't help but marvel at all the wonderful experiences we have had in the past 12 months.

Seekonk Office

Approximately one year ago, we began construction of the Seekonk office. As you know, we made the decision to grow because we knew that to keep our promise of excellence, change was required. Seekonk allows us to do 3 things. First, it allows us to add to our range of services so that patients can receive virtually all of their care in our office. Second, it made possible the integration of the best in high technology- lasers, single visit crowns and more advanced digital imaging. Last, but certainly not least, it allowed us to introduce the expanded group of doctors and staff of whom I am so proud.

My first thank you is therefore to you for putting up with a year of great change as

we worked to create this future.
THANK YOU!!!

Dentistry From The Heart

We were once again moved by our experience at Dentistry From The Heart, our day of giving back. This year we made the rather difficult decision to move the event to Seekonk, where we felt we could serve more patients in need. We postponed the event to October, in order to have enough time to add additional treatment rooms and we were quite nervous about our decision. What if it were bitterly cold? Worse, what if it snowed?

As luck would have it, we were given a lovely day. We were shocked to find people at our doors by 5:30 AM. By the time we began registering patients at 7:00, we quickly had over 100 people waiting for care. By day's end I am happy to say we provided needed dental care to over 150 people.

I want to give my most sincere thanks to our staff, each of whom gladly volunteered their

time. Next year, we will see if we can enlist a chiropractor and a massage therapist to put us back together after the event! For more information, please visit our website www.SouthcoastPerfectSmiles.com.

New Friends

As I have said many times in the past, there is no greater compliment we can receive than when you refer your friends and loved ones to us. Over the years, you have been gracious enough to introduce us to many new friends. Knowing that you appreciate the care you receive and trust us to treat your loved ones is the greatest possible validation that we are truly fulfilling our mission. You have my promise that we will not waver from that mission.

Wishing you and yours a healthy and happy Thanksgiving.

Sincerely,

David J. Ahearn DDS

In our last newsletter, I told you about the newest additions to the Southcoast and Perfect Smiles family, Drs. Neal and Kuchar. If you have been in the office since then, you may have noticed another new addition, this time at our front desk. Samantha Wade has just come on board as a Front Desk Receptionist. However, Samantha is far from new to our office.

Sam has been a patient at Perfect Smiles since she was a child and, as it turns out, always loved coming into the office as much as we loved seeing her. She often expressed an interest in dentistry and I promised her that if she did choose to come into the dental field, I would have a job waiting for her. After graduating this past May, Sam joined our team at the front desk and has exceeded our every expectation.

When you visit the office, I am sure you will agree that she is one of the most pleasant and likeable people you could come to know.
