### Consent for Services

**I understand** that as a condition for treatment by this office, financial arrangements are made in advance and financial responsibility on the part of each patient is determined **before treatment**. Emergency dental services, or any dental services performed without financial arrangements, will be paid for in cash at the time the services are performed

**I understand** that if I carry dental insurance all services are charged directly to me and that I am responsible for all charges. The dental office will prepare insurance forms or assist in making collections from insurance companies. These collections will be credited directly to the patient's account, however, the dental office cannot render services with the assumption that charges will be paid by the patient's insurance carrier.

**A service charge** of 1 ½% per month (18% per annum) will be levied on the unpaid balance for all services exceeding 60 days, unless alternate financial terms are established in writing.

**I understand** fee estimates for any dental services can only be considered valid for a period of 6 months from the patient examination date.

**In consideration for professional services rendered to me**, or at my request by the Doctor, I agree to pay therefore, the reasonable value of said services to said Doctor, or his assignee, at the time said services are rendered, or within five (5) days of the billing if credit shall be extended. I further agree that a waiver of any breach of any time or condition hereunder shall not constitute a waiver of any further term or condition and I further agree to pay all costs and reasonable attorney fees if suit be instituted hereunder.

I grant my permission to you or your assignee, to telephone me at my home or my work to discuss matters related to this form. I have read the above conditions of treatment and payment and agree to their content:
