A word from Dr. Scott Harris

Welcome to the exciting world of Symmetry Dental!
We are very pleased that you have chosen us to be you’re dental provider.
Philosophically speaking, Symmetry Dental is more than just “dentistry”, what we do here includes changing people’s lives by providing a high standard oral care program specific to your oral care needs. Whether you’re oral care “goals” are simple or complex, you will received the very best care and attention possible. Your complete satisfaction is our sole priority.
When you visit our office you will find a unique and relaxing environment. All our services are designed to be pain free, long lasting and to exceed all of your expectations.
We will always value our patient’s comments or concerns and will address them with honesty and understanding.
Thank you again for giving our practice an opportunity to care for your oral and dentistry needs
Sincerely

Dr. Scott Harris

*A genuine smile comes from the HEART, but a healthy smile needs good dental care.*

-Wayne Chirisa
Types of dentistry

1. General Dentistry, these are services a patient would expect to have in an average dental office.
   We excel in this area and have a bias to providing comfortable, long lasting and predictable services.

2. Aesthetic Dentistry. We use the best materials and techniques available to provide you with the best results. All dentists proclaim to offer “cosmetic” services however we have taken this to a new level.
   Dr. Scott Harris has been continues his education on a regular bases and has completed his Core VII – Full mouth Reconstruction certificate at the prestigious Las Vegas Academy for Advanced Dentistry. He is now one of fewer than 1,000 dentists in the world whom have completed this level of training.

3. Functional Dentistry. When we preform functional dentistry, we are improving our patients bite, improving the way the muscles and joints work together and providing proper aesthetics through the bite relationship. A more functional bite can improve your appearance, remove wrinkles and can make you look 10 years younger.
   When patients allow us to combine all 3 areas of dentistry, we can achieve the best result.

“The best and cheapest dentistry is when the right thing is done extremely well the first time and it lasts”

Our services

All of our services are designed to be exceptional, which means you will receive the best in terms of comfortable, cosmetic and long lasting dental services.

**Comfortable Treatment** – You will discover all of our treatment to be virtually pain free, before, during and after your visit.

  **NU Calm** – Soothes patients into a sleep-like state, making dental care relaxing and easy for the patient and the doctor. Learn more about this revolutionary system, that does not use drugs at all!! @ [www.nucalm.com](http://www.nucalm.com)

**Cosmetic Treatment** – We are the center in our region for aesthetic dentistry. We are up to date in the research and teachings of the most advanced cosmetic techniques.

Specifically, we excel in a full range of Aesthetic Dental Services including Smile Enhancement and Smile Rejuvenation, which are non-surgical face lifts.

  **Botox** – We offer Botox treatments for cosmetic enhancements

**Predictable Treatment** – Our treatment is intended to last for a long time, with as much predictability and the least amount of maintenance as possible.

**Prompt Service** – Much of our treatment can be accomplished in as little as one or two visits. We almost always run on time. It is very rare for us to keep our patients waiting!

**Additional Services** – Treatment of head, neck and facial pain – Traditional dental services such as crowns, bridges, bonded fillings, periodontal (gum) treatment, root canals – Reconstructive Services – Dental Implant Restorations.
Financial Policy

Our office works on primary assignment. Therefore we will process your dental claim forms and have the insurance company pay us directly. This process can only be effective if you can accurately fill out the insurance information sheet provided to you.

Please understand that the patient is fully responsible for payment for all treatments agreed to by the patient. Patient is fully responsible for any fees not covered by the insurance company. Please insure that you understand your dental insurance coverage.

Payment of your treatment not covered by insurance or if you do not have insurance, is payable at time of service.

Once an appointment is booked that is is reserved exclusively for you and becomes the patient’s responsibility. Short notice cancellations are difficult to fill therefore notice of cancellation that is less than two business days will be billed to patients as a missed appointment.

As a courtesy to our patients, when more extensive treatments are required, we can customize a payment plan depending on cost and length of treatment. This includes Invisalign, and Orthodontic treatments.

Some procedures are deductible as health expenses on annual income tax returns. You should check with your accountant to determine whether you may benefit from such a claim.

Missed Appointments: time reserved in the schedule is valuable to us and all our patients who require dental care. In order to maintain excellent service we require that you make a change to your reserved time at least two business days in advance. We reserve the right to charge $50.00 if notice is not given for a missed appointment.

For minor patients, parents or guardians are responsible for payment. A credit card on file will be charged for their appointment.
