Benefits will be determined based on Medical Mutual's medical and administrative policies and procedures.

In certain instances, Medical Mutual's payment may not equal the percentage listed above. However, the covered person's coinsurance will always be based on the lesser of the provider's billed charges or Medical Mutual's negotiated rate with the provider.

In an effort to continue our commitment to quality care and help contain the increasing cost of prescription drug coverage, a formulary feature is included in your prescription drug benefit. A formulary drug is a FDA approved prescription medication reviewed by an independent Pharmacy and Therapeutics Committee brought together by Medco Health Solutions, Inc. Formulary drugs can assist in maintaining quality care while meeting your plan's cost containment objectives.
