Allen Park Family Dental  
6760 Allen Road  
Allen Park, Mich. 48101

Dr. Passera:

More than twenty five years ago I came to you with a dental problem and at that time I was a painting contractor and had to cover the cost of any dental work that I might need out of my own pocket. You were always quite fair and painless also.

When I became employed by General Dynamics I was very fortunate for my dental coverage the company provided was with Delta Dental Plan. It all worked out just right. You have helped me through my dental needs over all these years. You also helped my long time lady friend with an emergency dental need.

After all these years, visiting you now is like visiting a relative whom is your dentist. Keep up the good work and stay healthy and I will be with you as a patient till the very end.

Sincerely yours  
Lyn Hendricks
