

Working for You!

We are proud to announce that Dr. Dooley has recently been elected to be the Chairperson of the Benefits Committee of the Virginia Dental Association! Dr. Dooley will be working hard to make sure insurance companies understand the importance of truthful, necessary coverage for her patients, and others across the state! We wish her well in all her hard work!
Congratulations, Dr. Dooley!

Review Us!

One of the best kinds of compliments we can receive is a testimonial from you! Google Places is where most people search for local services online, and we'd love it if you can go on there and write a little something about us. It's a very simple form and will help us out tremendously in getting the word out there!

We really appreciate your support and thank you for being part of our family!

"Spinbrush" Warning!

A new warning issued by the Food and Drug Administration (FDA), says some electric toothbrushes may not be safe! Apparently the "Spinbrush" made by Arm & Hammer or Crest has been known to break, causing pieces of the toothbrush to injure eyes and teeth. Some

users have choked! The article we read online mentioned the importance of helping kids brush. Let us know if you've had problems with your "Spinbrush."

IT'S THE TIME OF YEAR TO SHOW YOUR SCHOOL PRIDE!

OUR ALMA MATERS INCLUDE VCU, UVA, AUBURN, THE UNIVERSITY OF KANSAS AND MORE!

WHO ARE YOU ROOTING FOR? TELL US ON OUR FACEBOOK PAGE!

BE SURE TO US WHILE YOU'RE THERE!

Watch your email, specials are coming

We understand the economy is taking a big chunk out of your healthcare budget. If you're looking for a deal, keep your email close and phone even closer. We've begun offering "one day only" deals for our patients without insurance. You never know when or what special will be offered, but half price deals are worth it, right? Specials will be announced via this email system, on Facebook and Twitter. Follow or Like us today!

And the winner is...

All of Hollywood turned out last weekend to honor the best and brightest of their peers, each smiling wide! In tribute, last month we asked you to vote for your favorite celebrity smile! Voters logged on to our facebook page to choose from our 4 nominated stars. They were, in no particular order: actresses Angelina Jolie and Julia Roberts and singers Katy Perry and Beyonce. The votes have been tallied, and the winner is Beyonce! So, what do we think the songbird has "had done?" From the looks of it she may have had braces as a child, and possibly veneers and/or a whitening in more recent years. Either way she has a great smile!

We're on Facebook, are you?

We've taken dentistry digital with our social scene!

You can even follow us on twitter and to get a daily dose of "brain floss," our version of toothy trivia you can impress your friends and coworkers with at the watercooler.

That little birdie will also clue you in to a few special offers we have planned!
