It's always easy to book an appointment, and I'm treated in a very friendly, respected way. If I have significant pain, they work me in as soon as possible, not days or a week away. Great care is taken for my comfort, and any treatment needed is explained thoroughly. Dr. John IV is very knowledgeable, calm and has a comfortable manner. If I have a question, he can explain well, draw pictures, or may pull up images on the internet for a visual. I always feel confident in the information and choices I have there.

I have been coming to the Estes Family Dentistry since coming to Abilene in 1960 when I started nursing school. Dr. Estes was my dentist till he died. He was a very good dentist and a wonderful friend. Over the years we shared many experiences and wonderful advise. I am happy to say that I still have all my teeth. His son now cares for my teeth and I actually look forward to my visits to the office. I feel like it is time with my extended family! Everyone is professional and willing to make my visit a pleasant experience. I have no problem recommending them and their services to others.

I appreciate the prompt help I received from the lady who took my call. She went out of her way to help me get my denture repaired before you closed for the weekend. Everyone did their part to help me. Thanks!

You took the time to explain and show that you really care about your patient. Thanks for being so understanding.

Always a visit I don't look forward to just because it is a dentist but everyone needs to go. They make you feel comfortable and take care of you.

Very attentive and caring staff and Dr. John is an excellent dentist who takes his time with each patient. All the staff do their best to squeeze you in at the last minute and are wonderful at working with your schedule.

I was able to get an appointment the same day I called. I had split a big slice off my tooth. Dr. Estes saved the rest of the tooth and had to prepare my tooth for a crown. Dr. Estes and his assistant did a great job. I was so thankful and relieved that they quickly handled my problem. I have always had excellent care and great service here.

The staff greeted me upon my entrance and was very helpful with any questions i had. Dr Johnny and his nurse were excellent in making me comfortable about my procedure before,during and after.I was informed of what to expect over the next 24 hours post procedure and was told to call if any situation arose. The staff made my next appointment and informed me of how i will be contacted as a reminder. I would

HIGHLY recommend Estes Family Dentistry to anyone who is looking for a caring and professionally staffed dentistry.
