

Hi Everyone,

McFarland Recreation and Park District has been chosen by Public Health Advocates (paid by the State of California) to help us conduct surveys, workshops, gather information and help write the grant. This is the first thing we need done. It is imperative for community input. Feel free to pass this survey along to anyone who lives in McFarland. We also have the survey in the MRPD Office and they will be sent out to all students in MUSD. There is a lot of money that could come our way if we submit an excellent, well-prepared project. This only takes three minutes.

For Our Community, Jeff

Jeff Nickell, MA

District Manager

McFarland Recreation and Park District

100 South Second Street

McFarland, CA 93250
