OFFICE INSURANCE POLICY

We at Dr. Nelson Lasiter's office are happy to help you with your insurance coverage as it relates to treatment at our office. Prior to your major treatment, we will contact your insurance company by phone, if possible, and in writing if your insurance company requires it. From the information provided by you and your insurance company, we will try to formulate an ESTIMATE of what you will need to pay "out of pocket" for your treatment. Keep in mind that the entire bill is YOUR responsibility however, regardless of what your insurance company eventually pays.

If and when your insurance company pays your balance, they may have paid more or less than they said they would, based on many factors. If they paid more than we estimated, you will be sent a refund on the credit balance on your account. If they paid less than the estimate, you will be responsible for the amount you underpaid toward your treatment. If for any reason the insurance company denies your claim, or if the insurance company sends the benefits check to you directly, you will still be responsible for paying the bill.

I understand and agree to the above policy regarding my insurance coverage.

Signature of person responsible for the bill

Date
