E-MAIL AND TEXTING CONSENT FORM

Unencrypted e-mail and text messages are not secure forms of communication. There is some risk that any individually identifiable health information and other sensitive or confidential information that may be contained in such e-mails or text messages may be misdirected, disclosed to or intercepted by unauthorized third parties. However, you may consent to receive e-mail and/or text messages from us regarding your treatment. We will use the minimum necessary amount of protected health information in any communication.

Our first e-mail to you will verify the e-mail address you provide.

Please check the appropriate items below:

_____ I consent and accept the risk in receiving information via e-mail or text. I understand I can withdraw my consent in writing at any time.
