DOWNTOWN TORONTO DENTAL SERVICES

Dr. Benjamin Ghotbi, affectionately referred to by his patients as Dr. Ben, is a highly respected dental practitioner who has successfully operated multiple practices both nationally and internationally for more than fourteen years.

A graduate of the prestigious Dalhousie University School of Dentistry, and the 2010 winner of the Quintessence Award for Clinical Excellence in Periodontal Surgery, he is a firm believer and advocate of ongoing education programs that improve the skills and proficiency of the care that dental professionals provide to their patients.

Subsequently over the course of his career, Dr. Ben has immersed himself in numerous patient care and educational programs, all tailored to improving and enhancing the level of service to his patients and the overall improvement of the various dental practices he has operated.

He is also affiliated with and holds a fellowship with the esteemed International Congress of Oral Implantologists (ICOI).

Dr. Ben is a firm believer in preventive dentistry. Therefore, he has spent vast amounts of time over his career on preventing further damage to teeth, and making sure they will be functional for literally a lifetime.

Dr. Ben is a well known dentist in cosmetic dentistry and dental rehabilitation using dental implants to obtain superior functionality as well as ultimate esthetic results.
