

LIMITED WARRANTY: CROWNS

People always ask us: How long should this last?

In our office, we always strive for perfection and satisfaction. This is why we are happy to provide you with this warranty, something few offices offer.

With the advanced technology that is now available, we are able to provide you with exceptional preventative measures to ensure healthy teeth and gums, as well as maintain any restorations you may require.

If you spend 4 minutes in the morning and 4 minutes in the evening brushing, flossing and doing any other special treatments your dentist and hygienist have recommended, and let your dentist or hygienist professionally clean your teeth, check for decay, and apply fluoride treatments or sealants you can prevent most dental disease.

This is why all of our warranties must be null and void if we do not see you for your recommended periodic check-ups.

1. For a period of 5 years from the date of service, we will repair or replace (at our discretion) a crown due to breakage, misfit, or decay at no cost to the patient.
2. This warranty is null and void if the patient does not maintain his/her periodic continuing care and cleaning appointments. Must be seen at Auburn Family Dental 2x a year for an exam, cleaning and necessary x-rays.
